

Supriya Singh

Chennai, India | singhsupriya678@gmail.com | +91 8789397166 | linkedin.com/in/supriya-singh-0b478320a

PROFESSIONAL SUMMARY

Technical and solutions-oriented Computer Science graduate with hands-on experience in operational analytics, incident workflows, and AI-driven systems. Skilled in SQL, Python, root cause analysis, and cross-functional troubleshooting between customers, QA, and engineering teams. Proven track record in streamlining support processes, tracking service SLAs, and applying AI/ML concepts to optimize platform workflows and user outcomes.

SKILLS & CORE COMPETENCIES

- **Product & Technical Support:** Incident Management, Root Cause Analysis (RCA), SLA Adherence, Ticket Lifecycle Tracking, Bug Replication & Testing, Customer Escalation Handling
- **AI & Data Technologies:** Python, SQL, Machine Learning Basics, RAG Architectures, API Testing, KPI Dashboards, Advanced Excel
- **Core Technical:** Database Management, C++, Java, JavaScript, HTML5/CSS3, Git
- **Interpersonal & Operations:** Cross-Functional Coordination, Client Communication, Process Optimization, Agile Problem-Solving

WORK EXPERIENCE

TVS Automobile Solutions

Chennai, India

Operations & Analytics Specialist

May 2026 – Present

- Monitor operational incident workflows and daily datasets, performing root-cause analysis on recurring issues to maintain strict SLA adherence and service continuity.
- Act as a primary operational liaison between client accounts and technical teams, translating customer-reported issues into detailed bug logs and actionable engineering requirements.
- Establish standardized SOPs and incident documentation frameworks, reducing turnaround time on client escalations across enterprise accounts.
- Track core platform performance metrics and service resolution rates to drive continuous workflow improvements.

SmartED Innovations

Bengaluru, India

Business Analyst / Growth Associate

Jan 2026 – May 2026

- Served as a key point of contact for client queries and user engagement bottlenecks, resolving platform usability hurdles and increasing overall user satisfaction by 15%.
- Evaluated customer usage patterns and product adoption funnels to identify user pain points and present data-backed recommendations to leadership.
- Maintained structured incident tracking and reporting pipelines to ensure timely communication across multi-stakeholder initiatives.

PROJECTS & TECHNICAL EXPOSURE

NexusEval — AI-Powered Skill Assessment Platform

- Designed and deployed an end-to-end full-stack web application featuring automated parsing pipelines, adaptive testing logic, and dynamic analytics dashboards.
- Implemented backend APIs and database schemas, troubleshooting data-flow bottlenecks and ensuring platform stability under concurrent user requests.
- Explored RAG (Retrieval-Augmented Generation) and NLP integration to automate assessment workflows and optimize output accuracy.

LEADERSHIP & CO-CURRICULAR EXPERIENCE

IEEE Student Branch (Computational Intelligence Society)

Chennai, India

Vice President

Sep 2023 – May 2025

- Led cross-functional teams to execute technical workshops and hackathons, managing live issue escalation and scheduling workflows.

Association for Computing Machinery (ACM)

Chennai, India

Media & Communications Coordinator

Dec 2024 – Present

- Managed multi-channel communication pipelines, tracking engagement metrics to optimize member response times and platform outreach.

EDUCATION

Sathyabama Institute of Science and Technology

Chennai, India

Bachelor of Engineering in Computer Science and Engineering

2022 – 2026

- Academic Standing: No active backlogs / arrears

CERTIFICATIONS & HONORS

- **Introduction to Machine Learning:** NPTEL / IIT Kharagpur
- **Introduction to Business Intelligence:** Infosys Springboard
- **Cybersecurity Job Simulation:** JPMorgan Chase & Co.
- **3rd Position (All India):** TechXcelerate Hackathon (BITS Pilani, Hyderabad)
- **Luminary Award (2024–2025):** Sathyabama University (Academic & Leadership Excellence)
